

7th May 2021 [www.wimboldsleyprimaryschool.co.uk](http://www.wimboldsleyprimaryschool.co.uk) @WimboldsleyCPS [www.williamstockton.com](http://www.williamstockton.com) @school\_ws

**Another 'full on' week of learning across school this week.** Three classes even managed to get outside of the classroom to extend their learning and understanding of their work on rivers, which is fabulous to learn outside and connect with nature, as well as get back to some form of normality! Watch this space for more learning outside of the classroom environment, but hopefully not in those hail showers!

**Year 3 and 4 were able to 'get closer to nature' this week with their class trips to Eastham.** They were able to relate their learning in the classroom to what they were seeing in real life. We were even able to identify the full water cycle thanks to the weather conditions! It was amazing to hear the children chatting amongst themselves about seeing evaporation of the water which was rising after a heavy downpour. Whilst we were outside we took the opportunity not only to enhance and hone our geographical skills and knowledge but we were also able to retrieve some of our historical knowledge about Queen Victoria (as Eastham woods used to be a Victorian garden and zoo!) As we looked over the River Mersey towards Liverpool, we looked at the poem, 'The River'. This is going to support us in writing our own poems next week. In maths, we learnt about symmetry and made our own symmetrical patterns using the natural resources around us. We have all had a great three days and learnt lots! We were an absolute credit to the school and all the staff who were with us, were so proud!

**Mental Health Awareness Week**  
10-16 May 2021  
**NATURE**

Next week is 'Mental Health Awareness week' and the children will be completing activities around this and the importance of it. Please look at twitter and ask the children about their learning.

**6** **Number Day** **4**

Everyone enjoyed Number day today and had some fantastic maths activities throughout the day. We have had a huge focus on TTRockstars with all classes across the federation practising their times tables skills. We have even had a cross-federation battle to see which school can earn the most points... look out for the results in our newsletter next week! Following this, we are going to be looking for a 'TTRockstar Stars' each week - the winner will be the person who gives the most effort online each week.

**Our winners this week are:**  
**WS KS1** Elena Mucaj - 2B  
**WS LKS2** Alfie Williams - 4M  
**WS UKS2** Lewis Heppell - 5W  
**Wimboldsley**  
 Lily Latham - Willow Class

**Year 6 will be attending a residential to The Conwy Centre after half term (Monday 7th June - Wednesday 9th June) They are all looking forward to the trip and again this is getting back to some normality for everyone. Please return information which has been sent promptly to school.**

**VIRTUAL ASSEMBLY**  
**Congratulations to all the rosette winners this week.**

	WILLIAM STOCKTON	WIMBOLDSLEY
	Anastasia Orr	Lily Brant
	Hannah Statham	Chanel Van Rooyen
	Jacob Taylor	Oscar H
	Lillie Barnet	Rosie Williams
	Max Walton	Ewan Gordon
	Aisha Griffiths	Oliver Charlton
	Rares Chirita	Harrison Murray/Rapha Perriman
	Bailey Hunt	Harry Atkinson
	Holly Walker	Thomas Oakes

# Look at our wonderful week of learning!
